You have indicated that you will incur a computer expense during the 2007-2008 award year. Federal regulations give the Financial Aid Office the ability to adjust a student's budget, one time, for the expense of a computer.

If you wish to have your application reviewed to determine if there is additional need based on your computer expense, you must:

- Complete and sign this request
- Attach an estimate or receipt from the place of purchase

Please be aware that adjusting your student budget does not ensure that there will be additional aid available for this increase. Computer expense amounts above \$2000 will be capped at \$2000.

I certify that I will spend \$_____ to purchase a computer in 2007-2008, as indicated on the attached estimate/receipt. I understand that this budget increase for a computer is permitted only once and should I wish to purchase another computer it will be at my own expense.
