INTRODUCTION

Azusa Pacific University (APU) has the right to control traffic and parking on its properties as granted by the California Vehicle Code (CVC) {Refer to CVC 21107.8}. APU's Department of Campus Safety is authorized to administer and enforce the Azusa Pacific University Vehicle Code (APUVC), which governs parking and traffic regulations on APU campuses and properties under its control for educational or residential purposes. The APU Vehicle Code applies to all vehicles operated or parked on any university-controlled properties.

Use of any vehicle on any university-controlled property is a privilege granted by the university and is not the right of any employee, student, guest or visitor. It is the expectation of the university that employees, students, guests and visitors will comply with the APU Vehicle Code for the sake of safety and the consideration of others. All vehicles must display a current APU parking permit at all times.

The definition of "vehicle" as used in the APU Vehicle Code includes but is not limited to the following: cars, trucks, motorcycles, motorhomes, RVs All other devices or modes of transportation such as bicycles, scooters, skateboards, hover-boards, or similar type devices, electric or human powered, shall be referred to as a conveyance.

APPEALS

APUVC Sections 7000 - 7004

7000: CITATION APPEALS:

Prior to appealing a citation, the employee/student's vehicle must be registered with the Department of Campus Safety. Any employee/student who believes they received a citation in error may appeal the citation. To appeal a citation, completely fill out the online appeal form at apu.thepermitstore.com, and submit it to the Department of Campus Safety

within 21 days from the date the citation was issued. Any late appeals will not be accepted. If Parking Services has no record of an appeal, but the employee or student insists they appealed the citation, the employee or student must produce the confirmation email that their appeal was received. If that email cannot be produced, a late appeal will not be accepted and the citation must be paid.

The Campus Safety Citation Appeals Committee is comprised of non-Campus Safety faculty, staff and student. Once an appeal has been received by the Department of Campus Safety, any valid appeal (see 7001 & 7002) will be forwarded to the Citation Appeals Committee who will review the appeal and give a disposition. **DO NOT** pay the citation. - Unclear parking lot lines, curb paintings, markings, or signs
